

**Course: Economics**

**COLLECTING DATA**

**TOPIC:** ANALYZING THE YOUTH UNEMPLOYMENT IN SOUTH AFRICA FOR THE YEARS 2000-2016

Determine **at least TWO** indicators that you can use as an indicator in your research project

- ▶ Explain how you are going to relate these variables with your study.
- ▶ Search the relevant databases (World Bank Development Indicators etc.) find out the data for the relevant time period for your study. Mention your source of data.
- ▶ Organize a **TABLE, GRAPH or a CHART** (either at Word or Excel format) to demonstrate your data for the relevant years.
- ▶ Write a paragraph commenting on the trend of the data you found and how it supports or not support your research question.
- ▶ Fonts should be Times New Roman, size 12. Reference in APA Style.
